

How great it is that our Country continues to celebrate **Memorial Day** (May 27) to remember and

honor men and women who have and continue to defend our Freedom. Our purpose and program vision propel us onward here at Building Bridges.

We are busy with year-round planning and efforts to connect with and support Veterans.

Establishing an organizational infrastructure and developing effective program and funding for a non-profit 301C organization is a huge initiative.

We're making progress and we're able to chart successful results.

When you come to the farm, we invite you to consider it for what it is becoming...a place to serve & recognize and remember those who served; **the farm is a special place** offering company, sharing of experiences and significant steps toward healing.

The property itself is an instrument of healing.

The gazebo, the flower gardens, the trees, the grasses, the blueberry and raspberry bushes, the string of peach trees on the top flat and the creatures that inhabit it all provide much pleasure to those who pass by –

To make it possible for people to “stop and talk awhile” or simply “stop and be still” we offer the **“Memorial Bench Project”**.

The Memorial Bench Project invites you to participate in property hospitality by purchasing a bench with a memorial tag on it in honor of a friend, family member, neighbor, teacher, that served to defend our freedom and pleasure.

Benches have been placed:

1	In Memory of Robert J. Graybill Jr. U.S. Navy WW2 - Stateside	7	In Honor of Steven S. Fisher Corporal U.S Army Father and Friend
2	In Honor of Charles H. Burkhart U.S. Army E-4 SPC Combat Wounded- Veteran Veteran Vietnam.	8	In Loving Memory of James C. Atty U.S. Airforce, Lieutenant Colonel
